

19<sup>th</sup> September 2023

It was wonderful to have the children in all day last Friday. They were so excited about meeting the children in the other classes. There were lots of high fives, smiles, cuddles and fun play throughout the day.

The children have had the opportunity to tour the whole school, introducing themselves to all the members of staff and seeing siblings and friends in other classes and asking lots of interesting questions.

For our topic '**Who am I?**' we have talked about our favourite things, discovering that we have the same interests as others in our class. We have discussed who is in our family and drawn a family portrait. We have been playing sharing games and learning to take turns.

For phonics, the children are learning set 1 sounds in phonics and in maths we have been subitising our numbers up to 3.

Kind regards

Mrs Blackford and Mrs Dawson

We have been enjoying the 'colour song' with Danny Go and practised mixing our colours.

Enjoying the outside using our fine and gross motor skills

Drawing our family portraits

Learning to take turns and share with our friends

Practising our handwriting

Subitising in maths

Enjoying our school lunches
