

3rd October 2023.

For our topic '**Who am I?**' we have read the stories 'Elmer' by David McKee and 'We are all Welcome Here' by Alexandra Penfold. We have talked about what makes us sad and how we can help others. Throughout the week we have continued to play turn-taking games. We have completed our paper plate portraits and made observations about how we are all different.

For phonics, the children have learnt the set 1 sounds o (orange), i (insect), n (Nobby net), p (pirate) and g (girl). Children have begun to use magnetic sounds to spell words using the language 'Fred talk' (saying the letter sound) then say the word. For example, Fred talk m, a, t say the word mat.

Using our magnetic boards

In maths, the children have learnt to count to 5 using the counting principles they developed in previous weeks. Children have represented numbers up to 5 in concrete and pictorial ways as well as linking an amount to the numerals 1, 2, 3, 4 and 5.

Kind regards

Mrs. Blackford and Mrs. Dawson
