Dear Lawnside families,

We are the new Eco-Schools Committee. We would like to fundraise for two new benches for our playground and a bench for our developing wildlife area. We decided that we would like to buy a recycled composite bench and searched different companies to find the best price and the best quality. We have found a company that makes benches from recycled materials and they are guaranteed to last a minimum of 25 years. We decided that a brown or green bench would be best so that it does not disturb any wildlife.

These cost £150.00 each.
Each bench is made from 2240 2-litre recycled plastic bottles!

SO, we need to raise...£450.00 for three benches.
In our committee meeting, we thought of lots of ideas, but decided to run a Teddy Tombola!

Will you help us?
We need all of your preloved or new teddies!

Please drop these off on Monday 16th March. We will have boxes for you to put them in and these will be in the bandstand in the morning and at the end of the school day.

Just a few rules:

They must be clean (we will give them the sniff test).
They must be new or preloved (they must look tidy).

We decided that everyone should be a winner!

So on Monday 23rd March, we will sell tickets for the tombola for only £2 each and everyone will get to take home a teddy! There are over 200 children at Lawnside so we need at least 300 teddies so that we can buy our new benches. Any money left over will be spent on new plants to develop the wildlife area at the front of the school. Last year, we scattered lots of wildflower seeds.

Please help us make a change for our school and thank you for supporting the children at Lawnside.

From The Eco-Schools committee and Mrs Salvatore
