## Sir David Attenborough's 100<sup>th</sup> Birthday Celebration

Dear Lawnside families,

On **Monday 15th June**, we are excited to be celebrating Sir David Attenborough's 100<sup>th</sup> birthday with a special "**Wear Green**" day here at school. Children are invited to come to school wearing something green or clothing featuring animals, plants, or nature. This is a wonderful opportunity to recognise Sir David Attenborough's incredible contribution to our understanding of the natural world and to inspire our pupils to not only care for the environment, but develop a **CURIOSITY** for the world that we live in.

To celebrate his incredible contribution to our understanding of the natural world, we are launching a **whole-school photography collection**. The theme of the collection is "**Nature Through Our Eyes**". We are inviting all children to take a photograph that captures something wonderful from the natural world. This could be:

- a plant or flower
- an animal or insect
- a landscape or weather scene
- a close-up detail from nature that they find interesting

The aim is to encourage children to develop curiosity and to look closely at the world around them, just as Sir David Attenborough has encouraged generations to do. Please bring these in on the day as we will use these to create bunting for our picnic lunch and display them around the school buildings.

Children will be taking part in special enrichment learning all day and have a **whole school picnic lunch!** The children will need to bring their own packed lunch and if you have a spare picnic blanket, that would be appreciated! Alternatively, a packed lunch can be provided and this will need to be ordered by the SWIFTKITCHEN app. However, we have been advised that this will be just a sandwich/baguette.

As part of the day, we are kindly asking for a **voluntary donation of £1**. All funds raised will go towards developing the school's biodiversity and enhancing our wildlife garden area, helping to create a richer habitat for wildlife and a valuable learning environment for our children. We will share a break down with families of what we buy after the event! We hope you will support us in making this a fun and meaningful day for everyone.

Thank you for your continued support,

Mrs Salvatore

Science lead teacher
