

YEAR 1 NEWSLETTER

BUSY TIME

Story Dough

We have been on lots of adventures already. We have described Meg the Witch and Elmer the elephant, drawn about Goldilocks and even designed a machine to catch the bad weather. The children loved making a new hat for Meg and developing fine motor skills by rolling dough to make a rainbow.

Inventing

Contraptions, concoctions and codes! We have been busy building and designing. Children have explained how their contraptions work and what the code is to make them start. They have been building using our new snowflake construction.

Maths

We have been working on numbers to 10, counting in order and counting on one more.

We have looked at 2D and 3D shape. What shapes can you spot at home?

WHAT HAVE WE DONE THIS WEEK...

Explore Nature

We went on a leaf hunt and looked for signs of autumn. We did leaf rubbings to make an autumn wreath. What signs of autumn can you spot on your way to school?

Art and Design

We have taken a pencil for a walk and told a story about where it has been. We listened to music and used lines to express the changes.

REQUESTS

Next term we would like to develop our role play areas. We are looking for resources suitable for a doctor's surgery or hospital.

Do you have anything that we could use?
plasters, bandages, plastic role play toys

Thank you in advance!

STORIES

Goldilocks and the Three Bears

Meet the Weather

Aesop's Fable
The Wind and The Sun

Mog in the Fog

Elmer and the Rainbow

Be Kind
